

# Harlan Campbell

harlancampbell@gmail.com

---

## Education

<b>University of British Columbia</b> , PhD Candidate - Statistics Supervisor: Prof. Paul Gustafson	ongoing September, 2015-
<b>Simon Fraser University</b> , Master of Science - Statistics Supervisor: Prof. Charmaine Dean	December, 2011 September, 2009-
<b>McGill University</b> , Bachelor of Science - Mathematics Minor concentration in music	December, 2008 September, 2004-

## Employment

<b>UBC Department of Statistics</b> –Instructor Teaching <a href="#">STAT 306</a> for 145 undergraduate students	May 2018 January, 2018-
<b>EMMES Canada CRO</b> –Statistician Providing statistical services as a partner to clinicians and scientists	ongoing (casual) July, 2012-Oct, 2017
<b>Cardiome Pharma</b> –Statistics Intern	December, 2011 September, 2011-
<b>Independent Environmental Consulting</b> Clients include: <a href="#">Taking Root</a> (2015-2017) <a href="#">SFU Glaciology Research</a> (2015) <a href="#">Culex Environmental</a> (2011-2012) <a href="#">BC Ministry of the Environment</a> (2009)	

## Publications

[google scholar](#)

1. The validity and efficiency of hypothesis testing in observational studies with time-varying exposures, H Campbell and P Gustafson, *Observational Studies*, in press, 34 pages.
2. Conditional equivalence testing: an alternative remedy to publication bias, H Campbell and P Gustafson, *PLoS ONE* 13(4): e0195145 (2018). [link](#)
3. Twin data that made a big difference, and that deserve to be better-known and used in teaching, H Campbell, JA Hanley, *Journal of Statistical Education*, 25.3 (2017): 131-136. [link](#)
4. The consequences of proportional-hazards based model selection, H Campbell and CB Dean, *Statistics in Medicine* 33.6, (2014): 1042-1056. [link](#)

5. Comparison of hemoglobin A1c results based on at-home and in-lab dried blood spot sampling to routine venous blood sampling in-lab in adult patients with type 1 or type 2 diabetes, TG Elliott, KC Dooley, M Zhang, H Campbell, DJS Thompson, Canadian Journal of Diabetes, in press (2017), 7 pages. [link](#)
6. Sleep assessments for a mild traumatic brain injury trial in a military population, JM Walker, NT James, H Campbell, SH Wilson, S Churchill, LK Weaver, Undersea and Hyperbaric Medicine Journal 43.5, (2016). [link](#)
7. Comparison of reducing epicardial fat by exercise, diet or bariatric surgery weight loss strategies: A systematic review and meta-analysis, S Rabkin and H Campbell, Obesity Reviews, 16.5 (2015): 406-415. [link](#)
8. Impact on diabetes care of access to an online patient portal, M Lau, H Campbell, T Tang, DJS Thompson, and T Elliott, Canadian Journal of Diabetes, 38.1 (2014): 17-21. [link](#)
9. Modelling factors that affect the presence of larval mosquitoes (diptera: culicidae) in stormwater drainage systems to improve the efficacy of control programmes, MJ Jackson, JL Gow, MJ Evelyn, TJS McMahon, H Campbell, J Sheppard, TJ Howay, D Fladmark, A Thielman, The Canadian Entomologist, 145.06 (2013): 674-685. [link](#)
10. An evaluation of the effectiveness of a commercial mechanical trap to reduce abundance of adult nuisance mosquito populations, MJ Jackson, JL Gow, MJ Evelyn, TJS McMahon, TJ Howay, H Campbell, J Blancard, and A Thielman, Journal of the American Mosquito Control Association, 28.4 (2012): 292-300. [link](#)
11. Model-based clustering of longitudinal data: application to modeling disease course and gene expression trajectories, A Ciampi, H Campbell, A Dyachenko, B Rich, J McCusker, and MG Cole, Communications in Statistics-Simulation and Computation, 41.7 (2012): 992-1005. [link](#)

## Working Papers

1. Is it even rainier in North Vancouver? A non-parametric rank-based test for semicontinuous longitudinal data, H Campbell, revisions for Journal of Applied Statistics, 28 pages. [pre-print](#)
2. The world of research has gone berserk: modeling the consequences of requiring “greater statistical stringency” for scientific publication, H Campbell and P Gustafson, submitted to The American Statistician. [pre-print](#)
3. What to make of non-inferiority and equivalence testing with a post-specified margin?, H Campbell and P Gustafson, submitted to Pharmaceutical Statistics. [pre-print](#)
4. Equivalence testing for standardized effect sizes: application, implementation and interpretation, H Campbell and D Lakens, working draft.
5. To make more published research true, should scientists adopt alternatives to null hypothesis significance testing?, H Campbell and P Gustafson, in preparation for submission to Statistical Science.

## Conference Presentations

Conditional equivalence testing, H Campbell\*, P Gustafson; The 46th Annual Meeting of the Statistical Society of Canada, Montreal, 2018. Invited talk.

What to make of non-inferiority and equivalence testing with a post-specified margin?, H Campbell\*; JSM, Vancouver, 2018.

A non-parametric rank based test for semicontinuous longitudinal data, H Campbell\*; The 44th Annual Meeting of the Statistical Society of Canada, St. Catharines, 2016.

The consequences of proportional-hazards based model selection, H Campbell\*, CB Dean; The Society for Clinical Trials 34th Annual Meeting, Boston, 2013.

Survival analysis of British Columbia wildland fires, H Campbell\*, CB Dean; GEOIDE Forestry Virtual Meeting, 2011.

Data visualization in R, H Campbell\*, SFU-UBC Joint Graduate Student Workshop in Statistics, Vancouver, 2011.

## Conference Posters

The world of research has gone berserk, H Campbell\*, P Gustafson; JSM, Vancouver, 2018. Invited poster presentation.

Comparison of home sampling of A1c with blotter paper to routine A1c from local in-lab venous blood sample, T Elliott\*, K Dooley, M Zhang, H Campbell, D Thompson; World Diabetes Congress 2015, Vancouver, 2015.

Impact of patient use of an online patient portal on diabetes outcomes M Lau\*, H Campbell, T Tang, D Thompson, T Elliott; The 2013 Family Medicine Forum, Vancouver, 2013.

Modeling the survival times of forest fires, A Albert-Green\*, CB Dean, D Woolford, J Braun, D Martell, S Cumming, H Campbell, S Taylor and K Lertzman; Wildland Fire Conference, Kitchener, Ontario, 2010.

## Peer Review

Canadian Journal of Diabetes

Obesity Reviews

Journal of Statistical Computation and Simulation

Journal of Statistical Education
